**Proceedings:**

- Announcements and Introduction – N. Waynik and Dr. Ezekiel
- Presentation – N. Waynik
  - SQL Injection Lab
    - He talked a little about how an SQL injection attack works against a website that implements a database.
    - The group spent the hour attempting to break into the SQL website that Nick set up. The techniques allowed were only those using SQL injection and the available input fields in the web pages.
    - The object was the first gain access as a user, then to gain access as an administrator and retrieve a list of the users.
- Discussion of next meeting and closing announcements.

**Next Meeting:**

Tuesday, October 11<sup>th</sup>, 2005 at 6:00 PM  
Presentation by Jason Gruber and Jenna Lutton on Biometrics.
